FLORAL

Deodoriser & Air Freshener

Floral is a dual action deodoriser and air freshener. It contains a broad spectrum bactericide and specially formulated floral perfume oils with a high residual nature which enables the product to sanitise and deodorise with a single application.

Procedure:

Deodoriser

1. Dilute 1:40 parts water.
2. Mop or Swab area to be cleaned.
3. Pick up excess moisture and allow to air dry.

Air Freshener

1. Dilute 1:3 parts water.
2. Fill trigger spray and spray a fine mist towards the ceiling.

This Product has been independently tested and approved by Accords Recognised environmental credentials scheme.
