## HI-GENIC

### All Over Washroom Cleaner

Hi-Genic Washroom Cleaner is formulated on safe acids, non-ionic, surfactants; a combination that has proven to be the least corrosive to all metals yet gives excellent performance. The regular use of Hi-Genic brightens stainless steel and porcelain surfaces.

#### Procedure:

For shower scum dilute 1:2 - 1:20 parts with water

For basins, floors & bench tops dilute 1:10 parts with water

For toilets use product undiluted

1. Squirt on to surface to be cleaned and scrub with a nylon brush.
2. Allow 5 mins contact time.
3. Flush / Rinse with water.

Do not mix HI-GENIC with any other chemicals.

This Product has been independently tested and approved by Accords Recognised environmental credentials scheme.
