SPRUCE

Pine Disinfectant

Spruce Pine Disinfectant is a commercial grade disinfectant with built-in detergent. It is formulated to clean all hard surfaces and to disinfect, providing excellent protection against germs and bacteria. It will deodorise the room leaving a pleasant pine fragrance. Spruce Pine Disinfectant is recommended for all washable hard surfaces such as floors and walls in washrooms.

Procedure:

For General Cleaning dilute 1:60 with water.

For Cleaning & Disinfecting dilute 1:20 with water.

1. For Spray & Wipe Cleaning, fill trigger spray with diluted solution. Spray on to surface to be cleaned and wipe over with a lint free cloth or paper towel.
2. For Bucket Cleaning, fill bucket with concentrated solution, dilute as required. Mop on to surface to be cleaned. Rinse clean.
3. Allow surfaces to air dry.

This Product has been independently tested and approved by Accords Recognised environmental credentials scheme.
