

Safety Data Sheet

Infosafe No™ 5APIZ Issue Date : December 2016 Status : ISSUED

Product Name **RAPID RFS**

Classified as hazardous

1. Identification

GHS Product Identifier RAPID RFS
Product Code 140480; 140490
Company Name ITW AAMTech (ABN 63 004 235 063)
Address 1-9 NINA LINK DANDENONG SOUTH
VIC 3175 AUSTRALIA
Telephone/Fax Number Tel: 1800 177 989
Fax: +61 2 9725 4698
Emergency phone number 1800 638 556
E-mail Address info@aamtech.com.au

Recommended use of the chemical and restrictions on use Rinse free sanitiser.

Other Names	<u>Name</u>	<u>Product Code</u>
	RAPID RFS	RAPRFS750; RAPRFS5

2. Hazard Identification

GHS classification of the substance/mixture Not hazardous according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals GHS

Precautionary statement – Prevention Do not breathe mist/vapours/spray.
Wear protective gloves and eye protection.
Wash hands thoroughly after handling

Precautionary statement – Response IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor.
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
For advice, contact Poisons Information Centre (AUS 131 126; NZ 0800 764 766) or a doctor.

3. Composition/information on ingredients

Ingredients	<u>Name</u>	<u>CAS</u>	<u>Proportion</u>
	Quaternary ammonium compound	Proprietary	0-<1 %
	Water and other ingredients not considered hazardous	n/a	Balance

4. First-aid measures

Inhalation Remove to fresh air. If symptoms persist, obtain medical attention.

Ingestion Give water to drink. DO NOT induce vomiting. If vomiting occurs give further water to achieve effective dilution. Seek medical advice.

Skin Wash affected areas with copious quantities of water immediately. If irritation occurs seek medical advice. Remove contaminated clothes.

Eye contact Immediately irrigate with copious quantity of water for at least 15 minutes. Eyelids to be held open. Seek medical advice if effects persist.

First Aid Facilities Normal washroom facilities.

Advice to Doctor Treat symptomatically.

Safety Data Sheet

Infosafe No™ 5APIZ Issue Date : December 2016 Status : ISSUED

Product Name **RAPID RFS**

Classified as hazardous

Other Information Use good occupational work practice.

5. Fire-fighting measures

Suitable extinguishing media Use water fog, foam, dry chemical or carbon dioxide for surrounding fires as governed by adjacent materials.
Specific hazards arising from the chemical No unusual fire or explosion hazards. Non combustible.

6. Accidental release measures

Spills & Disposal Slippery when spilt. Avoid accidents, clean up immediately. In event of large spill: Use absorbent (soil or sand, sawdust, inert material, vermiculite). Sweep up. Collect and seal in properly labelled drums for disposal. Contain using sand and earth - prevent runoff into drains and waterways. Wash area down with excess water.

7. Handling and storage

Precautions for Safe Handling Always wash hands before smoking, eating, drinking or using the toilet.
Conditions for safe storage, including any incompatibilities Store in plastic containers in a clean, dry, cool, well ventilated place away from foodstuffs. Keep containers closed when not in use.

8. Exposure controls/personal protection

Occupational exposure limit values	Name	STEL		TWA		Footnote
		mg/m3	ppm	mg/m3	ppm	
	Quaternary ammonium compound	-	-	-	-	
Biological Limit Values	No biological limit values allocated					
Appropriate engineering controls	Natural ventilation adequate if spray mist generation is minimised. Keep containers closed when not in use.					
Personal Protective Equipment	Wear gloves and safety glasses if handling large amounts and if splashing is likely to occur.					

9. Physical and chemical properties

Form Liquid
Appearance Clear colourless liquid.
Melting Point <0°C
Boiling Point approx 100°C
Solubility in Water Complete
Specific Gravity 1.0 @ 25°C
pH 7-8
Evaporation Rate As for water
Flash Point This product will not flash and does not support combustion.
Flammability Non combustible. Non flammable.
Flammable Limits - Lower Not Required

10. Stability and reactivity

Chemical Stability Considered stable under normal conditions of use and storage. Store below 30°C. Keep out of direct sunlight. Keep containers closed when not in use.

Safety Data Sheet

Infosafe No™ 5APIZ Issue Date : December 2016 Status : ISSUED

Product Name **RAPID RFS**

Classified as hazardous

Incompatible Materials Soaps, detergents, anionic surfactants, strong oxidising agents.
Hazardous Decomposition Products During combustion, this product may produce carbon monoxide as well as other unidentifiable organic compounds.
Hazardous Polymerization Will not occur

11. Toxicological Information

Ingestion Mildly irritating. LD50 (rat) 1200 mg/kg for the quaternary ammonium compound used in this product.
Inhalation Not normally an irritant, however spray mists may irritate the nose, throat and respiratory tract.
Skin Non irritating.
Eye Mild eye irritant.

12. Ecological information

Short Summary of Assessment of Environmental Impact OECD 302B testing of the quaternary ammonium compound contained in this product indicates that it is readily biodegraded, but it is also regarded as toxic to aquatic organisms. Therefore, the undiluted product should be prevented from entering waterways. If possible, the expended material should be drained to the sewer as sewerage treatment will greatly reduce damage to water quality. Whilst the aquatic toxicity of the components is relatively high (96 hour maximum safe concentration in the order of 1-5 mg/L), dilution of the product with the large excesses of water present and the relatively rapid biodegradation of the quaternary ammonium compound should ensure minimal ecotoxicity.

13. Disposal considerations

Waste Disposal Dispose of large amounts in a chemical dump according to local authority statutory requirements. For small quantities, flush with copious amounts of water to the effluent system.
Container Disposal Rinse out container with water and dispose in plastics recycling bin.

14. Transport information

Transport Information Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.
Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea
Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.
IMDG Marine pollutant None of the components of this product is considered to be a Marine Pollutant

15. Regulatory information

Poisons Schedule Not Scheduled
AICS (Australia) All ingredients listed

DISCLAIMER:

This Safety Data Sheet summarises at the date of issue to the best of our knowledge, the health and safety hazards of the product and how to safely handle and use the product.

As ITW AAMTech cannot anticipate or control the conditions under which the product is used, customers are encouraged, prior to usage, to assess and control the risks associated with their use of the product.

Data sheets from unauthorised sources may contain information that is no longer current or accurate.

This SDS is valid for 5 years from date of issue. However, this version may be revoked and revised at any time, and users should contact ITW AAMTech to ensure they are in possession of the latest version.
